
audio codecs, and gives users the possibility to install them on the PC with ease. AVI Codec Pack Pro allows you to select the codecs and filters to install from a preset list. When it comes to video codecs you can opt for the following options: DivX (e.g. decoder, encoder, media splitter), XviD, FFDSHOW, Flash, and others. The list for audio codecs and filters comprises ACE3 filters, Core AAC and Vorbis, Lame MP3, and others. Additionally, you can install DVD/SVCD and DVB filters, as well as MP4, Matroska, MPEG, or RealMedia splitters. During our testing we have noticed that AVI Codec Pack Pro carries out the installation process quickly and without errors throughout the entire operation. It remains light on the system resources, so it doesn't hamper computer performance, nor interfere with other programs' functionality. All things considered, AVI Codec Pack Pro comes packed with important codecs and filters designed to help you listen to songs or watch clips without having to worry that they cannot be played with your default apps. The program can be installed by all types of users, regardless of their experience level. What's New in AVI Codec Pack Pro 2.0.2 Notes: 1. Please backup the folder "C:\AVICODEC" before updating! 2.
