Below is the official description from EA Sports: Introducing HyperMotion Technology – Exclusive FIFA Content EASTERN EUROPE HyperMotion Technology powers the newest innovations in FIFA gameplay – delivering next-generation speed, precision, and control. In FIFA 22, you'll see every movement that players make in real-time, clearly in motion, while the 'zoom-in' of on-screen cameras replicates the feeling of a real-world match. NEW WAY TO PLAY FIFA: Capture, combine, blend – using motion capture to power cutting-edge abilities. FOOTBALL FUSION: FIFA Fusion for FIFA 22, and enable you to step into the boots of elite, real-world footballers. Motion-capture athletes and bring them to life in FIFA 22. IMPROVE REACTIONS AND DERP DERP DUELS: More precise, more realistic, more enjoyable, and more fun. DELIVER EFFECTIVE AND POWERFUL ATTACKS: When you're about to score, your opponents know exactly what's going to happen in a split-second. FIFA 22 builds upon everything that made this the most authentic soccer experience ever, while introducing brand-new advances, including: LEADING WITH THE HEAD: Arriving in FIFA 22, this new head-leading system will encourage you to keep the ball under control, then snap shots at goal. Players will instantly know where to react, as head-leading is triggered by a swivel or a tracking shot. SPEED UP THE GAME: Scoring is fast and furious. From sniper shots to powerful counter attacks, every attack has a rhythm, and every soccer player wants to be at the centre of that rhythm. GET CLOSER TO THE BALL WITH MORE MEANINGFUL DERP DUELS: With more meaningful duels and taps in the game, DERP DERP DERP DERP DUELS have increased importance. You'll go head-to-head with players that move and shoot and dribble at an impactful pace. BUILD THE MOST EXCLUSIVE WORLD FOOTBALLERS: Footballers come to life thanks to more expansive and diverse environments, and this year we will also introduce new, more expressive faces.

What's new:

- HyperMotion Technology uses small bits of immersive game data collected from real-life players.
- The players' AI has been improved, resulting in more realistic gameplay.
- The return of Face Off allows you to target opposition players that need attention.
- FIFA Moments gives you access to never-before-seen archive footage, improving your overall game experience.
- Using the 32 Ultra Skills, we have created an 11v11 map that you can use in Training Mode and earn Training Points.
- To celebrate FIFA's 25th Anniversary, we took inspiration from the classic European teams to create the European Collection, a new set of Ultimate Team modes specially for EU.
- AI improvements in the new CPU Vision are designed to give your player more chances to score using long shots.
- FIFA Manager and FIFA 20 Vision for player have been combined into FIFA Manager Director.
- New feature that we have added to the Skill Icons section - SKILL ICON SUPPORT: On the left-hand side in the icon section, you can see a green H that shows Support Number. Blue is the player supports the skill, and red means no support. Yucks The netbuk@eucalyptus.com needs support on abilities of player. 17 Apr 2016 03:13:00 +0200 the UEFA Champions League Elite Prep School is going to change football forever>1. Medical Management - Medical management was a major focus in the UCL Elite Prep School with our focus on prevention and goal of identifying pre-competition issues. We saw the UCL Elite Preps School implement additional pre-competition screening and regular medical assessments across all coaches and players to identify any early signs of stress or fatigue that could lead to medical treatment at our facilities. We also recognised
